BANDARU SAI AKSHAY

bandaru.saiakshay@gmail.com — 9100605699 — LinkedIn — GitHub

Education

Manipal Institute of Technology, Udupi Aug 2025 – Present
M.Tech in Computer Science and Engineering **CGPA: 8.83**

Acharya Institute of Technology, Bangalore Aug 2019 – May 2023
B.Tech in Computer Science and Engineering **CGPA: 8.5**

Work Experience

Computer Vision Intern, Spark Cognition, Bangalore May 2023 – Sep 2023

- Trained YOLOv5 detector for person, forklift, and truck detection tasks.
- Built classifier in PyTorch using transfer learning with pre-trained models.
- Cleaned, annotated, and segregated large-scale datasets for model training.
- Utilized Linux environment for experimental setups and model deployment.

Projects

License Plate Detection and Recognition (YOLOv8 & EasyOCR)

- Trained a YOLOv8 model specifically for vehicle license plate localization.
- Integrated EasyOCR for character recognition and text extraction.
- Developed a complete end-to-end pipeline from raw image to digital text.

Spam-Ham Prediction using NLP (Bag of Words + SVM)

- Implemented text preprocessing and Bag-of-Words feature extraction techniques.
- Trained a Support Vector Machine (SVM) classifier for high-accuracy spam detection.
- Evaluated performance metrics on SMS and email datasets.

Startup Profit Prediction using Regression

- Applied multi-variate regression analysis to predict profit margins for 50 startups.
- Performed extensive data preprocessing and feature engineering.
- Visualized correlation matrices and prediction results using Matplotlib.

Technical Skills

- **Programming:** C, Python, Shell Scripting
- **Libraries/Tools:** PyTorch, Pandas, NumPy,Scikit-learn
- **Databases:** MySQL, SQL
- **Platforms:** Linux (Ubuntu), Git, GitHub
- **Domains:** Machine Learning, Computer Vision, Natural Language Processing

Certifications

- C Programming for Beginners – Udemy
- Data Analysis with Python: Zero to Pandas – Jovian
- AWS Academy Graduate – Cloud Foundations
- Generative AI Language Modeling with Transformers – IBM
- Complete Python Bootcamp – Udemy
- Machine Learning with Python – Verzeo
- Generative AI – ExcelR
